A Message from the General Manager

Thanks to the 700 people that contributed to the 1989 WRUW radio telethon. There was over twenty-three thousand dollars pledged, and over eighteen thousand five hundred has been collected. This is five thousand more than last year and the highest total of any college radio station in Cleveland. The average donation was \$26.67.

We have sent out as many premiums as possible with only a small number of records and compact discs that we have not recieved from the record company to process. If you have not recieved your premium, and it is not a record or a compact disc please call WRUW and ask for Brian Davis to straighten things out. I can be reached after 4:00 p.m. every day or leave a message with the programmer on the air.

We already have used the funds from the telethon to renovate the facility to allow for more storage of our ever growing record and compact disc library. This was a major undertaking, and has given us fifty percent more space for records. We also purchased record shelves to maintain our expanding collection.

At this time, we are planning our 9th annual Studio-A-Rama, our annual free live music concert to thank those that donated to the 1989 telethon. The concert will be held Saturday July 22 outside the studios of WRUW in the Mather courtyard in University Circle. The concert will feature seven local acts and one national act, and will be simulcast on 91.1. Stay tuned to WRUW for more details.

In addition, we have contacted a broad-

casting engineering firm to look into options for improving our signal to the outlying areas of our broadcast range. We should have an idea of some concrete options by the beginning of 1990.

Throughout the summer we will be broadcasting our weekly live music show, "Live from Cleveland" outdoors. So please come down, sit on the lawn, and listen to live alternative music by local Cleveland musicians. "Live from Cleveland" will be presented every Saturday from 2 until 3 p.m. in the Mather courtyard one block north of the corner of Euclid and Mayfield.

Other things that the station is currently involved with include the reformed College Radio Coalition, which has met every month this year. The CRC brings together the five college radio stations of Northeast Ohio (WBWC, Baldwin Wallace; WCSB, Cleveland State; WOBC, Oberlin; WUJC, John Carroll; and WRUW) to exchange ideas and coordinate programming. The CRC organized the Blues Benefit at the Euclid Tavern in April to raise money for the Free Clinic. This was extremely successful, and a lot of fun for the audience and the bands.

The Coalition has some big plans for the future including a joint program guide and more benefit concerts of various genres of music. We hope that by working together we can better serve the alternative listening audience.

Also, beginning July 1, WRUW will be operating under a new General Manager. Paul Masline will take the reins for the upcoming year. He has kept WRUW's books

balanced as the business manager over the last year and is ready to carry the station to new plateaus as General Manager.

I found that the job of General Manager is as easy or as difficult as the GM makes it. The station can operate with or without a General Manager. It is his or her job to keep improving the station and to oversee the various departments. Paul has some interesting plans for next year, and I wish him success.

I will be moving on to face the big bad world of commercials, the Top 40 mentality, and morning zoos. I carry with me a wealth of knowledge, music and otherwise, from my tenure here at WRUW. This station made my college career bearable, and I will always remember the time I spent at WRUW.

The staff at WRUW is the best collection of people in the world. They dedicate a few hours a week to playing alternative music. They do not do it for the money, or to powder their egos, but for the love of the music. That is something unique in this yuppie generation, and an often overlooked asset of Cleveland.

Watch out for Reverend Donald Wildmon and all he stands for. Thanks for everything, and I'll see you at Studio-A-Rama.

Sincerely,

Brian Davis
